

Crop chamber b/g image to allow for larger creature display.

INSTITUTE OF QUESTIONABLE OUTCOMES

Monstrum Mortis

One creature. Many accomplices.

CONTAINMENT VESSEL / 01 ○ Awaiting laboratory

Highlight this by color inversion and change wording:
Example: Awaiting scientists

Let's get rid of these entirely, the sound and image change will be sufficient.

Then the chamber has room to fill the screen.

Starter preview · awaiting specimen initialization

Verbiage not necessary - remove.

A promising departure from established anatomy.

Only show this in "preview", not during battle.

Quick Play | Private invitation

Let's get rid of the private lab option and focus on Quick Play, which can use the title "Find a laboratory".

REMOTE COOPERATIVE PLAY

Quick Play

Quick Play gathers accomplices across the Americas. At least two players are needed.

Public guests use server-assigned aliases and symbols. Fresh sessions start with a group of 2–6; laboratories hold up to 8 players.

Queue mode

Fresh session

Enter Quick Play

All of this becomes:

REMOTE COOPERATIVE PLAY

Find a laboratory

Player Name

{Server-assigned name and icon pre-filled}

Accept pre-assigned name or enter new one.

Could be more than one, box then expands
